

Experiment-2

Flight Booking system

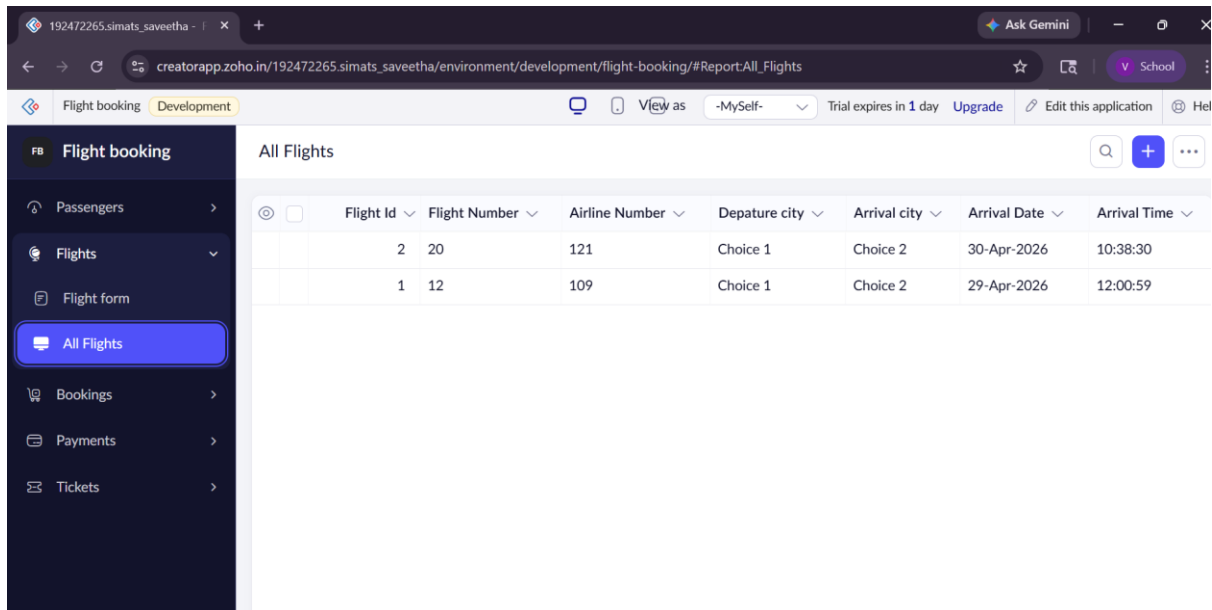

Aim

To develop a Flight Booking System using Zoho Creator to manage passenger details, flight schedules, bookings, and payments.

Procedure:

1. Log in to Zoho Creator and create a new app.
2. Create forms: Passengers, Flights, Bookings, Payments.
3. Add required fields in each form.
4. Link forms using lookup fields.
5. Add workflows (fare calculation, seat update).
6. Create reports for bookings and payments.

Output:

The screenshot shows the Zoho Creator interface for a flight booking system. The sidebar on the left contains navigation options: Passengers, Flights, Flight form, All Flights (highlighted), Bookings, Payments, and Tickets. The main area displays a report titled 'All Flights' with a table containing the following data:

Flight Id	Flight Number	Airline Number	Departure city	Arrival city	Arrival Date	Arrival Time
2	20	121	Choice 1	Choice 2	30-Apr-2026	10:38:30
1	12	109	Choice 1	Choice 2	29-Apr-2026	12:00:59

Result:

Flight Booking System is created to manage flight bookings and passenger details.
