

Experiment-6

Library Management System

Aim

To design and deploy a simple cloud-based software application using Zoho Creator and demonstrate Software as a Service (SaaS) by making the application accessible over the internet.

Procedure:

1. Sign up and log in to Zoho Creator
2. Click **Create App** and choose **From Scratch**
3. Create a form and add basic fields (Name, Email, etc.)
4. Save the form and create a report to view data
5. Publish the application
6. Share the app link with users through the internet

Output:

Development			View as	-MySelf-	Trial expires in 1 day	Upgrade	Edit this application	Help
All Student Management								
		Student Id	Name	Age	Gender	Phone Number	Course	Address
		3	Satish	21	Male	+917981033438	NLP	Hyderabad, Hyderabad, Telangana, 517002
		2	Nandini	19	Female	+918328468236	DBMS	kadapa, kadapa, Ap, 517001, India
		1	Thanusri	19	Female	+919398801053	cloud computing	4-40 bangarupalyam, bangarupalyam, chitt India

Result:

A cloud-based application was successfully developed using Zoho Creator and deployed over the internet.
